

And they that shall be of thee shall build the old waste places: thou shalt raise up the foundations of many generations; and thou shalt be called, The repairer of the breach, The restorer of paths to dwell in.

Isaiah 58:12

Helping churches fulfill the great commission in the lives of shattered people.

Praise

June was a very busy month for me. It started out with a weeklong family camp with the Bethel Baptist Church of Philadelphia. During the week, we have morning chapel services and the Lord abundantly blessed. Many decisions were made and families were strengthened.

Camp ended on Friday and Saturday morning at 6:30 AM, I flew out to Fort Dodge, Iowa. If you have kept up with the weather, you will recall that they were dumped on with rain. I had a tough time getting there and an even greater difficulty leaving a week later, but the conference was great. I was one of several speakers in their Biblical School of Counseling. Attendees were full-time Christian workers, lay leaders or people that came for personal help. Although Satan raged a battle against us, the Lord as always emerged victorious. Along with speaking in the conference, I also was able to meet with a few individuals and bring help and hope to their lives.

Video recordings were made of all the sessions and are available through Harvest Baptist Church at 515-955-3074. My sessions will be available through my display table. I will notify you through the newsletter of their availability.

The Lord also blessed us while we were in other churches this month and one church took us on for support. Praise the Lord!

Prayer

If you recall, my wife and daughter were in an auto accident on March 15, 2007. Since then, she has been going to therapy for her knee and back. Her knee had a slight improvement, but over the last few weeks, no further progress has been made. Her back has progressively grown worse. Tonight, July 3, she will be going in for an MRI and next week she will meet with the doctor to determine the next step. He is leaning in the direction of surgery. Your prayers are greatly needed. She wants to regain her health and be able to serve the Lord with the same vigor as before.

During the rest of the summer, we have meetings pocked throughout July and August. We need for the Lord to fill up our calendar for the Fall.

Somebody has paid my way to teach a module class for National students in the Resurrection Baptist Seminary in Santo Domingo, Dominican Republic. Please pray for a safe trip, the Lord's power in teaching and fruit in evangelistic meetings that we will be attending.

We are still in need of a second car. Our church is moving to a new location, which is about eight miles farther away. With only one car, this makes it very difficult for my family to get around and to church while I am away in states such as Indiana, Kentucky, etc..

Thank you again for your prayers. God bless!

The Fusco Family
